Here It Comes Again

Hey don't you worry  
Everything's all right you know  
We're gonna be just fine  
If the rain crashes down over you  
I will love you dry

There is nobody in this world  
Who'd ever take me away from you  
I am always by your side  
If you need someone to guide you dear  
I'd like to try

Don't give up on something  
You've never had before  
[Never thought that we would together]  
I promise you this  
You're the one I adore

Here it comes again  
Filling my soul  
Never want to let go  
Here it comes again  
Be at one with your love  
As below so above  
Here it comes again

My love is flowing  
Freer than a waterfall  
Beyond the edge of time  
Surrender to the emotion  
Now we can fly, we can fly  
And you know there's a reason  
That we are who we are [who we are]  
I cannot resist, You're the one I adore

Here it comes again  
Filling my soul

Never want to let go  
Here it comes again  
Be at one with your love  
As below so above  
Here it comes again

Just like there's always gonna be a place  
For you and me a ship that we can sail on  
Just like if one and one were three  
And everything was free at the end of some rainbow  
Just like a needle and a gun a suckle in the sun  
or knock upon a hidden door  
It is you I adore

Here it comes again  
Filling my soul  
Never want to let go

Here it comes again  
Be at one with your love  
As below so above  
Feel it coming again  
Filling my soul  
Never want to let go  
Here it comes again  
Be at one with your love  
As below so above  
Yeah Yeahhhh
