ON THE HORIZON

Melanie Chisholm / Rick Nowels / Gregg Alexander

3.36

People see different things  
When they look on the horizon  
Do you see dark clouds rolling in fast?  
Cause baby they ain't gonna last

And I can't see anybody else  
I can't stop looking at you  
Take this dream  
And make it true

All I see is love, sweet love  
On the horizon, oh yeah  
Just one look in your deep brown eyes  
And baby I'm flying

This world can be so hard to take  
Before I found you I almost stopped trying  
To see the good instead of the bad  
But your heart's so true that baby I'm crying

And every single time we meet  
I learn what love is for  
It's taking less  
And giving more

All I see is love, sweet love  
On the horizon, oh yeah  
Just one look in your deep brown eyes  
And baby I'm flying

And baby I don't wanna see pain in your eyes  
Cause you're the one that sets me free  
There's nothing in this world that can hurt us  
If it's you and me, hey yeah yeah

All I see is love, sweet love

On the horizon, oh yeah  
Just one look in your deep brown eyes  
And baby I'm flying

All I see is love, sweet love  
On the horizon, oh yeah [All I see is love on the horizon]  
Just one look in your deep brown eyes  
And baby I'm flying

Uh, I'm flying baby  
All I see is love on the horizon  
Uh, I'm flying baby  
All I see is love on the horizon
