Pack your shit and get the hell out
Don't come back around here no more
Boy you gotta
Pack your shit and get the hell out
Don't come back around here no more

[Mel B]
Can't you see now baby
With the tears in my eyes
I don't feel right
But you don't feel the same way
How can we live this way
You got your girls on the telephnoe
Talking 'bout this and that, that and this
So pack your shit
Go on your meey little way
I got no time for you today
No way!

You said you hup'd up but you never fucked up
So what the hell is this shit on my covers
You say you love me every time you fuck me
How could you do this to me

Pack your shit and get the hell out
Don't come back around here no more
Boy you gotta
Pack your shit and get the hell out
Don't come back around here no more

[Eric Williams]
Now wait a minute now baby girl
You say the pain in your life is because of me
Then you go fucking up my clothes, my cars
Did all I have to do for you
So check your best friend walking round the house
With those tight mini skirts and no drawers on
baby you're a man in me she said
And I'll fulfill your every fantasy

That's when I hup'd up but I never fucked up
You never found no shit upon no covers

Said I love you everytime I kissed you

How could you do this to me

Pack your shit and get the hell out
Don't come back around here no more
Boy you gotta
Pack your shit and get the hell out
Don't come back around here no more

How could you do this to me

You said you hup'd up but you never fucked up
So what the hell was that shit the covers
You say you love me every time you're near me (fuck
me)
How could you do this to me

Boy you gotta
Pack your shit and get the hell out
Don't come back around here no more - no no
Boy you gotta
Pack your shit and get the hell out
Don't come back around here no more
Boy you gotta
Pack your shit and get the hell out
Don't come back around here no more
Boy you gotta
Pack your shit and get the hell out
Don't come back around here no more
