A shadow falls across the sky
The silence sings a lullaby
The room is spinning, close my eyes
Something's gonna happen
(Something's gonna change)

Distant voices call my name
I'm like an insect in a flame
The darkness overcomes my shame
Something's gonna happen yeah
(Something's gonna change)

Fly away
Find a way to find me
The night is near, and you are here
To take my living breath away

Dream weaver, soul believer
Feeding on my lovers fever
Soul catcher, body snatcher
Feel the fever

Out of sight not out of mind
Love is cruel, love is blind
Cast a spell, drink the wine
Something's gonna happen
(Something's gonna change)

Taste the danger, oh so sweet
Feel the hunger, feel the heat
My heart is falling at your feet
Something's gonna happen yeah
(Something's gonna change)

Fly away
Find a way to find me
The night is near, and you are here
To take my living breath away

Dream weaver, soul believer
Feeding on my lovers fever

Soul catcher, body snatcher
Feel the fever coming atcha

Dream weaver, soul believer
Living on my lovers fever
Soul catcher, body snatcher
Feel the fever

(Na na na na na na na na na)
Whoa oh yeah
(Na na na na na na na na na)
Whoa oh yeah
(Na na na na na na na na na)
(Na na na na na na na na na)
Something's gonna happen
Something's gonna change

(Na na na na na na na na na)

(Na na na na na na na na na)
