Light comes in I watch you wake  
Wanting you so much my heart could break  
To touch your skin, to feel your hair  
I'd follow you anywhere

Light goes out I watch you sleep  
Never imagine love so deep  
I close my eyes to breath the air  
I'd follow you anywhere

(Chorus)  
Then the waves that wash over me, wash over you  
Follow me, I'll follow you  
Through your dreams to secret places  
Here's my hand just take it  
Do as I do  
I'll follow you

Nobody knows who made the stars  
Baby the whole world is ours  
From Liverpool to Leicester Square  
I'd follow you anywhere

(Chorus)  
Angels that watch over me, watch over you  
Follow me, I'll follow you  
Through your dreams to secret places  
Where nobody can trace us  
We'll make it through  
I'll follow you

(Chorus)  
Then the waves that wash over me, wash over you  
Follow me, I'll follow you  
Where nobody can find you  
I'll be right behind you  
You'll make it through  
I follow you

(Chorus)  
Follow me  
I'll follow you

Through your dreams to secret places  
Here's my hand just take it  
Do as I do  
I'll follow you
