I know I make mistakes
I will have to live and learn
Sometimes you play with fire
And sometimes you get burned
I have my dream to live
following that star
It doesn't matter how long it takes
It doesn't matter how far
No time for make believing
And it's too late to turn back now
yeah yeah yeah

I've been dreaming about it
I can't live without it
I've got to find my own way
I'm not changing my mind now
Or looking behind now
This is my independence day
My independence day

I know it'll take some time
But I won't give up the fight
sometimes you win, sometimes you lose
But that's all right
Oh yeah
The fact to spread my wings
And learn how to fly
Cause this feeling drives me on
It's just something I cannot deny
No time to make excuses
Cause it's too late to turn back now
yeah yeah yeah

I've been dreaming about it
I can't live without it
I've got to find my own way
I'm not changing my mind now
Or looking behind now
This is my independence day
My independence day
Heyeyey

My independence day

No matter what comes my way
I'm gonna live like today
This is my
This is my independence day

I've been dreaming about it
I can't live without it
I've got to find my own way
I'm not changing my mind now
Or looking behind now
This is my independence
I've been dreaming about it
I can live without it
I got to find my own way
I'm not changing my mind now
Or looking behind now
This is my independence day
My independence day
Independence day
My independence day

I wish I wouldn't have to say that stop
I didn't wish my life away... wish my life away
They say it's a small small world
They say it's a small small small world
