Take care good care of her  
Take care good care of her

I suppose I ought  
To say congratulations  
For you've won the  
Only girl I'll ever love

But I hurt too much  
To face the situation  
Just take care good care of her  
Take care good care of her

Just to be around her  
Was my greatest pleasure  
She was everything  
My future held in store

So remember when you  
Take my only treasure  
Please take care good care of her  
Take care good care of her

I must accept it  
She loves more than me  
So with my broken heart  
I'll bow out gracefully

Please don't send me  
Any wedding invitations  
For I couldn't bear to  
See her there with her

If she's happy  
That will be my consolation  
So take care good care of her  
Take care good care of her

Take care good care of her  
Take care good care of her
