Why does the rain,  
Fall from the sky,  
How can a sugar pill,  
Take this pain away yea  
I should have know  
That you would break me heart  
You've ended something  
That didn't have the chance to start

Put out the stars,  
Rub out the sky,  
Look into the future wipe the teardrop from my eye.  
Shut out the sun,  
Put out the light,  
Want you to tell me how you'll come and make it right.

Why, am I crying over you?  
Why, cos' theres nothing else that I can do,  
Why, do I always look the fool?  
Why, why, why

Wish I read the signs,  
And left you well alone.  
God I wanna call you,  
But I cant pick up the phone

Put out the stars,  
Rub out the sky,  
Look into the future wipe the teardrop from my eye,  
Shut out the sun,  
Bring on the night,  
Want you to show me how your gonna and make it  
right.

Why, am I crying over you?  
Why, cos' theres nothing else that I can do,  
Why, do I always look the fool?  
Why, why, why  
(Tell me why)  
Why, am I crying over you?(why does the rain fall from  
the sky?)  
Why, cos' theres nothing else that I can do, (why do

these tears come from my eyes?)  
Why, do I always look the fool? (Why does the rain fall  
from the sky?)  
Why, why, why (oh tell me why)  
Tell me why
