I can't remember yesterday  
It isn't fair  
There is no other way  
Still I walk on  
And I walk on  
With a blade against my back for me  
To ----- on

### CHORUS

Time is not a friend of mine  
Draging waves me down  
----- me in danger

Use to be the wonderland  
Stable as a castle made of sand  
And I reclaim  
Mistakes that I made  
And it ----- on my back  
That ----- out your name

### CHORUS

Time will never heal the pain  
----- you are not the same  
Shameless you are not a friend of mine

### CHORUS \*2

Ba-dap, ba-dap

Time is not a friend to me  
Seems so hard to understand  
I can't -----  
----- the memories  
Hope --- spin back through the years  
To find a place  
That I ----- --- as wonderland  
Wonderland  
Wonderland  
Wonderland
