Marry the distance
Marry the light
'Cause what is this notion
You and I?
Marry the distance
Quiet the minds
Sense a devotion
To something inside

This isn't a place
This isn't a hunger
This is a state of mind
A state of wonder
This isn't a place
This isn't a hunger
This is a state of mind
A state of wonder
So marry the distance

Oh, oh, oh

This isn't a place
This isn't a hunger
This is a state of mind
A state of wonder

Oh, oh, oh
