I think it's you who I've been wanting  
You've got the world in your hands either way  
If you only knew what I've been meaning  
I think that they would be the best words ever heard

In your eyes the sunshine is all I see  
California don't you let me down  
In your eyes there's an ocean full of lies  
But you're still beautiful somehow

So it's been you who I've been looking for  
Out of million faces in the world  
My god, I kissed you like I meant it  
And you made sure that it's a kiss I won't forget  
In your eyes the sunshine is all I see  
California don't you let me down  
In your eyes there's an ocean full of lies  
But you're still beautiful somehow

And there's nothing like your smile  
I'm losing my defenses to your presence, just be mine

In your eyes the sunshine is all I see  
California don't you let me down  
In your eyes there's an ocean full of lies  
But you're still beautiful somehow
