"Independence Day"

I know I make mistakes

I will have to live and learn
Sometimes you play with fire
And sometimes you get burned

I have my dream to live
Following that star
It doesn't matter how long it takes
It doesn't matter how far

No time for make believing
And it's too late to turn back now, you-you-you

I've been dreaming about it
I can't live without it
I've got to find my own way
I'm not changing my mind now
Or looking behind now
This is my independence day
My independence day

I know it'll take some time
But I won't give up the fight
Sometimes you win, sometime you lose
But that's alright, oh yeah

I've got to spread my wings
And learn how to fly
Cos this feeling drives me on
It's something I cannot deny

No time to make excuses
Cos it's too late to turn back now, you-you-you

I've been dreaming about it
I can't live without it
I've got to find my own way
I'm not changing my mind now
Or looking behind now
This is my independence day

My independence day
Hey, my independence day, oh-oh

No matter what comes my way
I'm gonna live for today, yeah-yeah
This is my, this is my independence day
(Gonna live for today)

I've been dreaming about ir
I can't live without it
I've got to find my own way
I'm not changing my mind now
Or looking behind now
This is my independence

I've been dreaming about ir
I can't live without it
I've got to find my own way
I'm not changing my mind now
Or looking behind now
This is my independence day
My independence day (independence day)
Day, my independence day (independence day)

Wishing on that same bright star
I shouldn't wish my life away, wish my life away
(independence day)
They say it's a small small world
They say it's a small small small small world
(independence day)
(Independence day)
