I can see you think that you're the one  
I could fall for you but I wouldn't waste my time  
I should be less cynical but I've heard it all before  
I know exactly what's on your mind

All you want me to be is a little souvenir  
Of a night that you won't even remember

It's not because I'm worth it  
Not 'cause I deserve it  
You just wanna get your hands on a little piece of me  
It's not because you feel it  
Not because you really mean it  
You just wanna get your hands on a little piece of me

Don't think that I'm unapproachable  
Playing games with you 'cause I wouldn't waste my  
time  
I could be less cynical but I've heard it all before  
Every single word of every line

All you want me to be is a little souvenir  
Of a night that you won't even remember

It's not because I'm worth it  
Not 'cause I deserve it  
You just wanna get your hands on a little piece of me  
It's not because you feel it  
Not because you really mean it  
You just wanna get your hands on a little piece of me  
But I don't wanna be

Something you can talk about  
That's something I could do without  
I'm not like you  
I can't fake it the way you do  
You say you want me, well if it's true  
It's not because I'm worth it  
Not 'cause I deserve it  
You just wanna get your hands on a little piece of me  
It's not because you feel it

Not because you really mean it  
You just wanna get your hands on a little piece of me

It's not because I'm worth it  
Not 'cause I deserve it  
You just wanna get your hands on a little piece of me  
It's not because you feel it  
Not because you really mean it  
You just wanna get your hands on a little piece of me

Yeah yeah yeah yeah
