Wait,
Before you leave I've got something to say
sigh listen, listen to me

I know you wanted to hate me
When you found out that I lied, yeah
I wanna spend eternity
But you say you've been deceived

Now you say you wanna leave
But I say...

Hell no, hell no
I won't let you leave me this time, no (no, whoa)
Hell no, hell no
Don't act like you never lied to me (don't act like you
never lied to me)
Hell no, hell no
My actions are not just a fight (are not just a fight)
Remember the many nights I cried
So hell no you can't leave me this time

Now I know the circumstances
Do you remember what you did to me (to me)
When I found that other hootch's pictures
Had em inside Dru Hill's cd

I'm not trying to go back and forth
I'm just trying to let you know
I've forgiven you a hundred times, so
Baby, I'm not gonna let you go, so

Hell no, hell no (hell no, hell no)
I won't let you leave me this time, no (don't leave me)
Hell no, hell no

Don't act like you never lied to me (don't act like you
never lied)
Hell no, hell no (oh no)
My actions are not just a fight (I'm so sorry baby)
Remember the many nights I cried
Hell no you can't leave

This time (this time)

Don't leave me now
I'll be here if you stay
(I'll stay right here)

Hell no, hell no (Oh, no)
I won't let you leave me this time, no (don't leave me)
Hell no, hell no
Don't act like you never lied to me (oh don't you go
away)
Hell no, hell no
My actions are not just a fight (I'm so sorry, I'm so sorry
baby)
I forgave you baby when you left
Hell no you can't leave me this time

Hell no, hell no (what do you think?)
I won't let you leave me this time, no (do you think I can
be all alone?)
Hell no, hell no
Don't act like you never lied to me (but you lied to me
before, yes you have)
Hell no, hell no
My actions are not just a fight (can you forgive me, can
you forgive me baby?)
(Hell no) Hell no you can't leave

Don't leave me now
Stay right here
