Don't miss you  
When I'm alone  
Don't see your face in places we used to go oh oh

Thought that I would feel nothing  
If I ever saw you standing in front of me  
Don't know I feel the shiver  
Thought that we had frozen over  
Now it's burning me  
And it's hard to breath

There must have been a crack in the ice  
But I can't remember, when I fell through  
I don't know why we didn't survive  
'Cos we held on tight  
Feelings I've forgotten very deep under water  
Pull me down  
I thought that I could kill it  
But this love won't drown

When I hear our favourite song  
Don't reminisce, just close my eyes and sing along oh  
oh  
You were lost and I was drifting  
Thought that I could let the feeling wash over me  
Tried to keep it all together  
But my heart is beating faster  
I can't believe you still get to me

There must have been a crack in the ice  
But I can't remember, when I fell through  
I don't know why we didn't survive  
'Cos we held on tight  
Feelings I've forgotten very deep under water  
Pull me down  
I thought that I could kill it  
But this love won't drown

If I just dive in  
If I just dive in  
Will I drown?  
If I just dive in

If I just dive in  
Will I drown?

There must have been a crack in the ice  
But I can't remember, when I fell through  
I don't know why we didn't survive  
'Cos we held on tight  
Feelings I've forgotten very deep under water  
Pull me down  
I thought that I could kill it  
But this love won't drown

(Feelings burning me...)
