These thoughts can be evil and they often deceive  
Gotta believe that I can overcome  
My fears are the worst and they always return  
I never learn  
Feel like I don't belong  
Lost in the wreckage of a million bad dreams  
Hard to function, I just need some routine  
God, it's obscene  
When did they stop the fun?

I knew that something must be done  
To save the person I'd become  
That's why I had to run away

Feel the sun  
Waves crash like my emotion  
Life has begun, now I will be safe from the storm  
I found the one  
This angel's my salvation  
I'm feeling strong. You will be there if I fall

Guilt is no use it will tarnish your soul  
Just let it go  
The battle will soon be won  
Cold in the shadow of who I should be  
There's a fire burning deep inside me  
Helping me see, only I hold the key

And now I stand here unafraid  
Proud of everything I've made  
That's why I had to run away

Feel the sun  
Waves crash like my emotion  
Life has begun, now I will be safe from the storm  
I found the one  
This angel's my salvation  
I'm feeling strong. You will be there if I fall

There's so much energy  
At last I can be free

I am the person I was looking for

Feel the sun

Waves crash like new emotion

Life has begun, now I will be safe from the storm

I found the one

This angel's my salvation

I'm feeling strong. I'll never fall

Feel the sun

Life has begun

I found the one

I'm feeling strong
