May your heart be never alone
When the dawn's breaking
May your life be a rolling stone
When the ground starts shaking
And the world is waking

All I can tell you is to know who you are
And if they hurt you they can never do you harm
And if you want to you can love 'em
Till the cold turns warm

May your kiss always feel like the first kisses
And may your truth help you heal
May you catch big fishes
And get all your wishes

All I can tell you is to know who you are
And if they hurt you they can never do you harm
And if you want to you can love 'em
Till the cold turns warm

If you want me
(I will be there)
If you need me
(I will be there)
If you want me
(I will be there)
Can you hear me?

If you're waiting
(I will be there)
Your heart's aching
(I will be there)
If you need me
(I will be there)
Can you hear me?

And when you're lonely
(I will be there)
When you call me
(I will be there)
If you need me

(I will be there)
Believe me, I'm going nowhere

May your heart be never alone
