I should concentrate on slowing down  
'Cause all I wanna do is drive fast  
I don't think I know my way around  
I'm seeing what I've already passed

I've been racing through my life without  
Really knowing where I fit in  
It's only dreams and my reflection now  
Where I still see him

I might break  
I'm all that's left from your mistake  
I'm still trying to prove myself to you  
I can't escape from this as fast as you  
All these years don't fade away my feelings  
I only see us leaving, oh, oh

I convince myself I understand  
So there isn't anybody to blame  
If you'd tried and played a different hand  
I wonder if I'd still be the same

All this time I've watched you moving on  
Running from the way that we were  
Even though I know that girl is gone  
You still see her

I might break  
I'm all that's left from your mistake  
I'm still trying to prove myself to you  
I can't escape from this as fast as you  
All these years don't fade away my feelings  
I only see us leaving, oh, oh

I'm not frozen, I just feel the cold  
When all these memories open up again, oh

I might break  
I'm all that's left from your mistake  
I'm still trying to prove myself to you  
I can't escape from this as fast as you  
You see him gone

I only see us leaving, oh, oh  
See us leaving, oh, oh  
I only see us leaving, see us leaving  
See us leaving, oh, oh
