The situation's getting boring
You're not gonna spoil another day
I don't expect you to be calling
You're always gonna act that way

Said those lines so many times
Heard it all before
What makes you think that I will keep
Hanging round for more

If you're gonna be the one, be the one, who ooh
Moves my heaven and earth
You wanna be the one, be the one, who ooh
Shares my hunger and thirst
You see the other ones are hanging on and ooh ooh
They've got nothing on you
You wanna be the one, be the one
The only one

You say you're hooked on me
But where were you last night
Because when you looked at me yeah
You can hold my eyes

Saying things you never mean
That's no big surprise
Telling me that you're the one
I'm tired of the lies

Be the one, be the one, who ooh
Moves my heaven and earth
You wanna be the one, be the one, who ooh
Shares my hunger and thirst
You see the other ones are hanging on
They've got nothing on you
You wanna be the one, be the one
The only one

I've got no time for bitterness
I wanna move away from this
I've found myself, somebody, ooh
Ooh, ooh

He's gonna be the one, be the one, who ooh
Moves my heaven and earth
He's gonna be the one, be the one, who ooh
Shares my hunger and thirst
You see the other ones are hanging on and ooh ooh
They've got nothing on you
You wanna be the one, be the one
The only one

I've got no time for bitterness
I wanna move away from this
I've found myself, somebody ooh
Ooh ooh
