These thoughts can be evil and they often deceive  
Gotta believe that I can overcome  
My fears are the worst and they always return  
I never learn  
Feel like I don't belong

Lost in the wreckage  
Of a million bad dreams  
Hard to function  
I just need some routine  
God, it's obscene  
When did they stop the fun?

I knew that something must be done  
To save the person I'd become  
That's why I had to run away

Feel the sun  
Waves crash like my emotion  
Life has begun  
Now I will be safe from the storm  
I found the one  
This angel's my salvation  
I'm feeling strong  
You will be there if I fall

Guilt is no use it will tarnish your soul  
Just let it go  
The battle will soon be won  
Cold in the shadow of who I should be  
There's a fire burning deep inside me  
Helping me see  
Only I hold the key

And now I stand here unafraid  
Proud of everything I've made  
That's why I had to run away

Feel the sun  
Waves crash like my emotion  
Life has begun  
Now I will be safe from the storm

I found the one  
This angel's my salvation  
I'm feeling strong  
You will be there if I fall

There's so much energy  
At last I can be free  
I am the person I was looking for

Feel the sun  
Waves crash like my emotion  
Life has begun  
Now I will be safe from the storm  
I found the one  
This angel's my salvation  
I'm feeling strong I'll never fall  
You are there when I call
