I've gotta go
I've found another direction
I've gotta go
I wanna get your attention

I am so sorry that it went this way
I just can't hold on any more
The feeling's gone, I must move on
There's nothing left worth fighting for
I can't love you any more, any more

Go for what you're looking for
Go you've lost me that's for sure

I've gotta go
I've found another direction
I've gotta go
I wanna get your attention for once

I've never been in love before
But this is where it has to end
I just can't love you any more
Don't even want you as a friend
I can't love you any more, any more

Go for what you're looking for
Go you've lost me that's for sure

It all started in another dimension
It all started in another dimension
It all started in another dimension
You may have took my breath
You didn't take my dedication

They say that love is blind
They say that love is blind
They say that love is blind
I've never been the moving kind

I wanna go
I wanna go

I'm sorry that it went this way
I just can't hold on any more
The feeling's gone, I must move on
There's nothing left worth fighting for

I can't love you
I can't love you
I can't love you
Any more, any more

I've gotta go
I've found another direction
I've gotta go
I wanna get your attention

I've gotta go
