You're on my mind, I'm in the dark
You're takin' your time, I'm fallin' apart

CHORUS:

Girl, you hold my mind in your hands & you know it
I'll get it right if you'll give me the chance
To come closer
I'll give you my heart if that's what you're after
I'll give you my love, & that's all that matters
Think it over
Yeah that's all right with me
If you wanna play hard to please
Don't make it easy for me
Down on my knees, take a look at me
I'm easy to please; why can't you be?

(chorus)

Girl, that's all right with me
If you wanna play hard to please
Don't make it easy for me
