I loved her because she was there  
And I knew along that it wasn't fair but I didn't care  
Then I got the hell out of there  
That was a close one

I kept my freedom intact got rid of the hassle and rid of  
the flack yeah I cut me some slack  
And I never thought I'd want it back  
And that was a close one

That was a close one  
And if I hadn't of run she might have got away with my  
heart  
So I played it smart  
That was a close one  
But I kept my cool never let down my guard  
That was a close one

The winter of '79 was so cold and lonely I found a good  
woman she took me inside  
And I swear to God I really tried  
And that was a close one

Will there ever be a love of my life when I'm out of my  
prime And out of my mind in the nick of time  
And when the feeling in here is fine  
That's the close ones  
That was a close one  
And if I hadn't of run she might have got away with my  
heart  
My precious heart  
That was a close one  
But I kept my cool and never let down my guard  
That was a close one  
(whew)

That was a close one  
I love her because she was there  
That was a close one

That was a close one  
Winter of '79

That was a close one

That was a close one

She might have got away with my heart

That was a close one
