There's a lot of nice things,
That he never told her,
And he forgets to hold her
When she needs him sometimes
The promises he made her
He never got around to
Still the thought of leavin'
Never crossed her mind.

What she sees is only what she wants to,
What she has, she thinks is enough
What she does is just look at the good things
And what she is, is a woman in love.

He forgets to call her,
So he keeps her waiting,
He's always breaking the plans that she's made,
There's so many good things
That he never gave her
But it never mattered to her anyway,
Cuz what she sees is only what she wants to,
What she has, she thinks is enough
And what she does is just look at the good things
And what she is, is a woman in love

And he's just an ordinary guy
Like you and I
And she's looking at him with her heart
And not her eyes.

What she sees is only what she wants to
What she has, she thinks is enough,
What she does
Is just look at the good things and what she is
Is a woman in love

What she sees is only what she wants to
What she has, she thinks is enough
What she does is just look at the good things
And what she is, is a woman in love
