"Girl So Cruel"

She's the one, who came to me
And said everything I wanted to say
Now's the time, now's the time
So don't break my heart, don't break my heart

I'll try my best to be the one,
love, you'll never fallout from

And you'll see it's lonely way up here
And I need someone to share this fear
Cuz sometimes I wanna forget you all
Yes, I wanna see who can be without you

Shine the light and see the truth
That my love for you has been mislead
To the tears I cry for every time
I've been alone, I've been alone

Just turn your back, ignore the fact
That this fool misjudged you all along

Why can't I be all the dreams that you dream that just
waste in your mind?

These words are so redundant and plain
What's a love song to do?
I never thought I'd fall for a girl that's as cruel as you
