Here's my address it's just emptiness  
Here's a liar's story i'm about to tell  
Tragedy struck and i've run my luck  
Now it's time to play the hand that i've been dealt  
Don't try to walk away 'cause it's my day  
You've got it all if you want it you've got it all if you  
need it  
You've got it all it's up to you  
Chasing a lie 'til the true things die  
You're a marching soldier through a blind man's eye  
Take it or not just know what you've got  
This cup is sweet and poisoned but your lips are dry
