Landlord's knocking at my door, cussing me out
Got laid off my job the night before
I can't feel how I'm gonna fix tomorrow when
yesterday's still a mess
Can you tell me whats the point when it all seems
meaningless?

Wish that I could step away and breathe
This world's trying to swallow me
Clear away the clouds inside my head
Someone just tell me that it's okay now, what are you
worrying about?

Got my dreams, got my life, got my love
Got my friends, got the sunshine above
Why am I making this hard on myself,
When there are so many beautiful reasons I have to be
happy?

People lie
(People lie)
People hide
(People hide)

People cry
(People cry)
People fight
(People fight)

And they don't know why
If fear is all that we should fear, then what are we so
afraid of?
'Cause fear is all in our heads, so why do we let it
control us?

Fear makes me forget how sweet the simple things in
life really are
Fear makes me believe that I'm alone
Someone just tell me that it's okay now, what are you
worrying about?

Got my dreams, got my life, got my love

Got my friends, got the sunshine above
Why am I making this hard on myself,
When there are so many beautiful reasons I have to be
happy?

Any day now I will go mad thinking everyone is against
me
And the world wants to fight me
Preparing to battle an enemy unseen
Through my stressing

I'm blinded to the lessons
That could be a blessing if I be confessin'
That the enemy I'm trying to beat is hiding inside of me
But it's okay now, what am I worrying about?

Got my dreams, got my life, got my love
Got my friends, got the sunshine above
Why am I making this hard on myself,
When there are so many beautiful reasons I have to be
happy?

Got my dreams, got my life, got my love
Got my friends, got the sunshine above
Why am I making this hard on myself,
When there are so many beautiful reasons I have to be
happy?
