Sequestered, secluded  
Locked up, shackled, chained  
He's ruled insane  
Madman - killing any woman, child, man  
Maniac - crazed by the pain in his brain  
Madness - ceased by a shot to his vein

Solitary solitude  
He's isolated in fear  
Solitary solitude  
Your isolated nightmare

Like Manson, like Bundy  
A sick lust to end humanity  
Malevolent - evil-minded molester of chastity  
Savagery - morbid venomous dead brutality  
Infernal - ruthless retched sleaze no sanity

Solitary solitude  
He's isolated in fear  
Solitary solitude  
Your isolated nightmare

No doors plained walls all he sees  
Named aberrant, neurotic and diseased  
Outcast devil  
Deranged and malign  
Sickened repetition  
Focus in his mind  
Abnormality, ferality  
Not of the earth to be  
Vitality, stability  
His insincerity now  
Electrocution persecution  
Shock treatment today  
Ten thousand bolts ten thousand volts  
See his brain decay  
Vested now, shredded  
His life begins to fade  
Desolating excruciating  
Pain of life it drains from him
