Today, we took a walk up the street
We picked a flower and climbed the hill
Above the lake
And secret thoughts were said aloud
We watched the faces in the clouds
Until the clouds had blown away

Were we ever somewhere else
You know, it's hard to say

I never saw blue like that before
Across the sky, around the world
You've given me all you have and more
And no one else has ever shown me how
To see the world the way I see it now
Oh, I, I never saw blue like that

I can't believe a month ago
I was alone, I didn't know you
I hadn't seen you or heard you're name
And even now, I'm so amazed
It's like a dream, it's like a rainbow
It's like the rain

Some things are the way they are
And words just can't explain

I never saw blue like that before
Across the sky, around the world
You've given me all you have and more
And no one else has ever shown me how
To see the world the way I see it now
Oh, I, I never saw blue like that before

And it feels like now
And it feels always
And it feels like coming home

I never saw blue like that before
Across the sky, around the world
You've given me all you have and more
And no one else has ever shown me how

To see the world the way I see it now
Oh, I, I never saw blue like that before
Oh, I, I never saw blue like that
