What went right  
What went wrong  
Doesn't really matter much  
When it's gone

Was it too hard to try  
Was it too hard to lie  
Did you just grow tired  
Of hello and goodbye

Was it the naked truth  
That made you run  
Where do I go now  
That I'm down to one

Sooner or later  
We all end up walking alone  
I'm down to one

My heart is a traitor  
It led me down this road  
Now it's done, I'm down to one

I wanna know where I failed  
I wanna know where I sinned  
'Cause I don't wanna  
Ever feel this way again

Was the wanting too deep  
Did it block your sun  
Where do I go now  
That I'm down to one

I guess sooner or later  
We all end up walking alone  
I'm down to one

My heart is a traitor  
It led me down this road  
Now it's done, I'm down to one

What am I supposed to think

What am I gonna say  
What did I ever know  
About this love anyway  
Down to one

My heart is a traitor  
It led me down this road  
And I'm down to one

I guess sooner or later  
We all end up walking alone  
I'm down to one

My heart is a traitor  
It led me down this road  
Now it's done, down to one, one, one  
I'm down to one, I
