Funny how it turns out
that everything can change
What I feel right now is not the same as yesterday

There's more than I imagined
deep inside my heart
Emotions that I never knew
and this is just the start

So many things i've been missing
not watching but
that was all in the past

Now I realize
there's so much more to learn
I'm ready for the world
not scared of letting go

Now I realize
there's so much more to feel
and my heart knows it's real

The part of me so long forgotten is calling
and this feels like home, home, home
it feels just like home (it feels just like home)

Right from the start been friends forever
Somehow we're ment to be together
I feel like you've shown me how to find my way home
(Find my way home)

Now I realize
there's so much more to learn
I'm ready for the world
not scared of letting go

Now I realize
there's so much more to feel
and my heart knows it's real

The part of me so long forgotten is calling
and this feels like home, home, home

it feels just like home
