There were stairs, they were steep  
I was falling, falling deep  
You were there, you were small  
There was screaming down the hall

I've been here sleeping all these years

There comes a time we all know  
There's a place that we must go  
Into the soul, into the heart  
Into the dark

There was fire, there was death  
There was lying on your breath  
I turned away, I would pretend  
But the burning never ends

I've been here sleeping all these years

There comes a time we all know  
There's a place that we must go  
Into the soul, into the heart  
Into the dark

There was a wave over the house  
There was fear choked in my mouth  
You were there, you left your mark  
As I stumbled in the dark

There comes a time we all know  
There's a place that we must go  
Into the soul, into the heart  
Into the dark

There comes a time we all know  
(There is a place)  
There's a place that we must go  
(We all must go)  
Into the soul, into the heart  
(Into the heart)  
Into the dark

There comes a time we all know  
(There is a place)  
There's a place that we must go  
(We all must go)  
Into the soul, into the heart  
(Into the heart we go)  
Into the dark

There comes a time  
(There is a place we all must go)  
(Into the heart, Lord)  
(There is a place we all must go)  
(Into the heart)
