They say, the Lord giveth and the Lord taketh away
Well it was definitely gone when I woke up today
I walked up to the mirror to see
It's only me

I got out of the kitchen, I couldn't stand the heat
Back into my skin and out on the street
Lookin' for a little salvation
It's only me

Baby, you can just pretend
That maybe, you can love again
But babe, I know better
It's only me

And wherever you are tonight
The satisfaction, you invite
Nobody knows better
It's only me

Well, I went down to the revival to give my soul a
chance
And the DJ spoke to God and the congregation danced
And I heard a sound and I turned around
It's only me

I found a little angel who had fallen from the sky
And I took that little angel and I taught her how to fly
When the night is done and the morning comes
It's only me

Baby, you can just pretend
That maybe, you can love again
But babe, I know better
It's only me, only me

And wherever you are tonight
The satisfaction, you invite
Nobody knows better
It's only me

All you'll ever want

And all you'll ever need
And all you'll ever taste
And all you'll ever bleed
Look deep inside you
It's only me

Baby, you can just pretend
That maybe, you can love again
But babe, I know better
It's only me

And wherever you are tonight
The satisfaction, you invite
Nobody knows better
It's only me, oh

Baby, you can just pretend
That maybe, you can love again
But babe, I know better
It's only me
It's only me
It's only me
