the night is as deep as the sea
and my heart is disobeying me
raging thoughts all soothe beneath your hand
looking in your eyes i think i understand

let's take it now, for we both know too well
that love's no guarantee
will it stay or go no way to tell
but the night is ours, and tonight is all we need
for now, love's no guarantee

the thunder i hear must be my own
rushing though my head, i should've known
i will take and give it back to you
and your paradise can be mine for a moment too

let's take it now, for we both know too well
that love's no guarantee
will it stay or go no way to tell

but the night is ours, and tonight is all we need
for now, love's no guarantee

no promises, no tears to shed
nothing to break these precious hours
leaving a trace i'll not erase
this tender love was ours

let's take it now, for we both know too well
that love's no guarantee
will it stay or go no way to tell
but the night is ours, and tonight is all we need
for now, love's no guarantee
