I, I am watching you sleep
It's the promise you made
What I find I can keep
Oh, I want to swallow the moon
Give a smile back to you, lighting your way
Tell the angels they'll just have to wait

'Cause I wanna stay here in this moment
Can I quietly slip into you?
You and I can stay here in this moment
Let the world fade away
I just wanna stay with you

I, I am watching you breathe
I am pulled into you
As you smash into me
Oh, I want to give you the stars
All that I can hold in my arms placing them where you
lay
Tell the angles they'll just have to wait

'Cause I wanna stay here in this moment
Can I quietly slip into you?
You and I can stay here in this moment
Let the world fade away
I just wanna stay with you

With my hand on your skin we can slowly begin, I am
free
Now the Heavens have less
'Cause I've found the best and I won't let them take you
away
Tell the angels they'll just have to wait

'Cause I wanna stay here in this moment
Can I quietly slip into you?
You and I can stay here in this moment
Let the world fade away

I wanna stay here in this moment
Make the earth stand impossibly still
Disappear in your kiss, we'll never be missed

Let the world fade way
I just wanna stay with you

With you
