They ask why do we live love die do we  
Take a chance maybe ask a dance do we  
Risk the pain never quite regain never  
Oh we bleed the dark never miss the mark never  
Well you and I know I know you and I know you and I  
know  
You and I know I know you and I know you and I know  
You and I know I know you and I know you and I know  
They don't know of the place we go lover  
All the blues are green nothing in between lover  
And when the darkness falls through the fine glass  
walls lover  
Oh it makes the sound of the outward bound lover  
But you and I know I know you and I know you and I  
know  
You and I know I know you and I know you and I know  
You and I know I know you and I know you and I know  
Oh  
Well they're looking right through me  
And back into themselves  
And I'm thinking that they knew me  
When they laugh at someone else  
Well you and I know I know you and I know you and I  
know  
You and I know I know you and I know you and I know  
You and I know I know you and I know you and I know  
Oh I know you and I know you and I know  
Oh I know you and I know you and I know  
I know  
Yes, you and I know  
They ask why do we live love die do we
