Come on baby let's get out of this town  
I got a full tank of gas with the top rolled down  
There's a chill in my bones  
I don't want to be left alone  
So baby you can sleep while I drive  
I'll pack my bag and load up my guitar  
In my pocket I'll carry my harp  
I got some money I saved  
Enough to get underway  
And baby you can sleep while I drive

We'll go thorough Tucson up to Santa Fe  
And Barbara in Nashville says we're welcome to stay  
I'll buy you glasses in Texas a hat from New Orleans  
And in the morning you can tell me your dreams  
You know I've seen it before  
This mist that covers your eyes  
You've been looking for something  
That's not in your life  
My intentions are true  
Won't you take me with you  
And baby you can sleep while I drive

Oh is it other arms you want to  
Hold you the stranger  
The lover you're free  
Can't you get that with me

Come on baby let's get out of this town  
I got a full tank of gas with the top rolled down  
If you won't take me with you  
I'll go before night is through  
And baby you can sleep while I drive
