Looking down life's long road
Thinking you've got so far to go
Kickin' over tricycles getting to your bicycles
Hittin' up the kick stand look Mama no hands
They tell you two and two make four
But you know life is so much more
You keep hearing no but you're ready for the show

If you think you'll never make it you will
If you think you're gonna break it you will
The journey is on and if you don't know the song
You will you will you will

Time is just a slinky toy
Rolling down the stairs for joy
Everybody gets there this I know
Honey you can take it slow

If you think you'll never make it you will
If you think you're gonna break it you will
The journey is on and if you don't know the song
You will you will you will

You are what you believe
And if you believe
Then you will see

Lookin' down life's long road
Your dreams will show you which way to go
And if you meet a mountain move it to the side
Climb it to the top you can take it for a ride
You will, you will, you will, you will

And if you don't know just how much I love you
And if you don't know all I will do for you
If you don't know just how for I'm gonna go

You will you will you will
