I know what you're thinking baby
I used to be just like, you
You move when she's not looking baby
One sugar ain't enough for you

You, you're taking out your loans
You're burying your bones
Before your cover's blown
You better take it home

I like the way you look
I know you like me
But one and one and one
Baby makes three
Stop playing those eyes
If you want me to keep
Your little secret

Tell it softly to me baby
You never meant no one no harm
Your wonderland's a mirror baby
It's swiftly fading like your charm

You, you're stepping out of line
You're spilling all the wine
Leave it on the vine
Coz I can't give you mine

I like the way you look
I know you like me
But one and one and one
Baby makes three
Stop playing those eyes
If you want me to keep
Your little secret, little secret, little secret, yeah,
Little secret, little secret

I could I won't
I can't I don't
You make it hard
Talk down my guard
My senses soaked

My ego's choked
I will not lie
I will not lie...
I,I,I,oooh

I like the way you look
I know you look at me
But one and one and one
Baby, makes three
Stop playing those eyes
If you want me to keep you're little secret
Little secret, little secret, little secret,
