[Chorus:]

Boy, I know what you want (what you want)  
You got it like this  
Boy, I know what you want (what you want)  
You got it like that

[Verse 1:]

Boy, you blow my mind  
Everytime we touch  
Got me fantasizing, I can't get enough  
I'm addicted to you, you're my favourite drug  
You're like my candy, baby  
I need my sugar rush  
Come a little closer  
What you waiting for  
Cause I know you want it as much as I do  
Got me so excited  
I know you feel it too  
Cause it's written all over your face  
You want to taste  
I know you want me  
By the little things that you do  
You make me want to get a little closer to you  
I know you want me  
By the little things that you do  
You make me want to show you what I do to you

[Chorus:]

Boy, I know what you want (what you want, want)  
You got it like this  
Boy, I know what you want (what you want, want)  
You got it like that

[Verse 2:]

I know what's on your mind  
I could read between the lines  
No need for words  
I already know you're mine  
I give honey coated kisses with the sweetest touch  
I'll be your candy baby  
So come and get my love

Come alittle close  
What you waiting for  
Cause I know you want it as much as I do  
Got me so excited  
I know you feel it too  
Cause it's written all over your face  
You want to taste  
I know you want me  
By the little things that you do  
You make me want to get alittle closer to you  
I know you want me  
By the little things that you do  
You make me want to show you what I do to you

[Chorus:]

Boy, I know what you want (what you want, want)  
You got it like this  
Boy, I know what you want (what you want, want)  
You got it like that

[Verse 3:]

Ooh, when you put your hands on me, baby  
Ooh, you know you got me going crazy  
All I want to do is  
You already know  
We're like two kids in a candy store  
I know it, I know it, I know what you want  
Baby  
I know it, I know it, I know what you want  
Baby  
I know it, I know it, I know what you want  
Cause it's writting all over your face  
You want to taste

[x2:]

I know you want me  
By the little things that you do  
You make me want to get alittle closer to you  
I know you want me  
By the little things that you do  
You make me want to show you what I do to you

[Chorus:]

Boy, I know what you want (what you want, want)  
You got it like this  
Boy, I know what you want (what you want, want)  
You got it like that  
Boy, I know what you want (what you want, want)  
You got it like this  
Boy, I know what you want (what you want, want)  
You got it like that
