Shut up and kiss me
Don't you know it's killin me that
you gotta go away, so far away
And I know that your comin back,
but until then I'll count the days
But for right now let's not think about it,
I need you to come closer to me
See you every moment cause it's all that we got now,
I don't want to talk now

Shut up and kiss me boy
We ain't got time for words
Baby won't you save your goodbyes
Cause it's hard to make love when your cryin
Shut up and kiss me boy
We ain't got no time for words
Baby won't you save your goodbyes
Cause it's hard to make love when your cryin

We only got a few more hours before you leave me
And so I want to make it last, so it feels like an iternity
And right now I want to remember the way we are
Were so close together and no words could ever
explain
I just want your love do let it rain

Shut up and kiss me boy
We ain't got time for words
Baby won't you save your goodbyes
Cause it's hard to make love when your cryin
Shut up and kiss me boy
We ain't got no time for words
Baby won't you save your goodbyes
Cause it's hard to make love when your cryin

And I know that you gotta go away
Tomorrow is never promised today
I'm wishin that I could stop time
So you wouldn't be leavin me behind
Can't stand to think about it right now
But I gotta make it threw some how

And there's nothing you can say
To make this empty feeling go away

Shut up and kiss me boy
We ain't got time for words
Baby won't you save your goodbyes
Cause it's hard to make love when your cryin
Shut up and kiss me boy
We ain't got no time for words
Baby won't you save your goodbyes
Cause it's hard to make love when your cryin
Shut up and kiss me boy (boy shut up and kiss me)
We ain't got time for words (runnin out of time)
Baby won't you save your goodbyes
Cause it's hard to make love when your cryin
Shut up and kiss me boy
We ain't got no time for words
Baby won't you save your goodbyes
Cause it's hard to make love when your cryin

So shut up and kiss me boy
Shut up and kiss me boy
Juss kiss me boy
