All that is within me
Cries out to You, my Lord
My God and King
For You alone can cleanse me
Set me free

I want to live for You
I want to die to me
I want to be emptied
I want to be freed

From all that holds me captive
All that brings me down
All that I've tried to lose me
Now that I've been found
I want to live for You

Here in this hour
Leaning on Your mercy
Your throne of grace
You are all I am after
The beauty of Your face

I want to live for You
I want to die to me
I want to be emptied
I want to be freed

From all that holds me captive
All that brings me down
All that I've tried to lose me
Now that I've been found

All I am, broken on the ground
In Your hands
Knowing You surround me, Lord
Father, now I know that I am Yours

I want to live for You
I want to die to me
I want to be emptied
I want to be freed

All that holds me captive
All that brings me down
All that I've tried to lose me
Now that I've been found

'Cause I want to live for You
I want to die to me
I want to be emptied
I want to be freed

From all that holds me captive
All that brings me down
All that I've tried to lose me
Now that I've been found
I want to live for You

I want to live for You
I want to live for You
