If he can dance
The boy can dance

You're on the limit, girl
You gotta have it , words
They're only hiding what you really wanna know
What you need to make up your mind

You need to feel it bad
How to decide, it's sad
He needs to show you what it is you're waiting for
You've got the beat and you've got the soul

If he can dance dance dance
Gimme gimme, show me the real thing
Gotta gimme gimme, you're gonna take him high
Come alive
If he's the one for you

If he can dance dance dance
Shake it, shake it, gotta believe it
Gotta shake your way right into his heart tonight
Make it right
You know it if it's true
If he can dance
The boy can dance

You need to keep it real
So you can make him feel
It getting closer, who could ask for anything more
If you want it you're in control

If he can dance dance dance
Gimme gimme, show me the real thing
Gotta gimme gimme, you're gonna take him high
Come alive
If he's the one for you

If he can dance dance dance
Shake it, shake it, gotta believe it
Gotta shake your way right into his heart tonight

Make it right
You know it if it's true
If he can dance
The boy can dance

You know we believe in love
We believe in everybody's right to express their love
And we believe that there is a way to make it right

Shake it, shake it, everybody

If he can dance dance dance
Gimme gimme, show me the real thing
Gotta gimme gimme, you're gonna take him high
Come alive
If he's the one for you

If he can dance dance dance
Shake it, shake it, gotta believe it
Gotta shake your way right into his heart tonight
Make it right
You know it if it's true
If he can dance
The boy can dance
The boy can dance
