I can feel your force right across the floor
Every look I take make me want you more
Now we're all alone and the time is right
So don't even try telling me goodbye

So why (oo-oh-oo-o)
Do you need to go
When we've just begun
We've got time (oo-oh-oo-o)
Come inside, come inside

Stay the night
Won't you stay the night
I can be your lover, hold on tight
Stay the night
If you stay the night
I can be your guide to paradise

Everybody's looking for that pot of gold
Trouble is, they find it and they still don't know
I was never one to let the chances slip
With a boy like you at my fingertips

So why (oo-oh-oo-o)
Do you wanna go
When we're just getting hot
We've got time (oo-oh-oo-o)
Come inside, come inside

Stay the night
Won't you stay the night
I can be your lover, hold on tight
Stay the night
If you stay the night
I can be your guide to paradise

Stay the night
Won't you stay the night
I can be your lover, hold on tight
Stay the night
If you stay the night

I can be your guide to paradise

Ooh, but baby it's cold outside
So just make up your mind
Baby, this is a once in a lifetime

(Stay the night)
(Won't you stay the night)
(I can be your lover, lover, lover)
(Stay the night)
(If you stay the night)

Stay the night
Won't you stay the night
I can be your lover, hold on tight
Stay the night
If you stay the night
I can be your guide to paradise

Stay the night
Won't you stay the night
I can be your lover, hold on tight
Stay the night
If you stay the night
I can be your guide to paradise

Baby, what a shame, not a cab in sight
