I'm looking into your eyes  
They're shining so very bright  
Everything I dreamed of you brought into my life  
You made your way to my heart  
Every day I keep falling deeper in love 'cause  
it doesn't get better than this, no no  
And I hate every single second apart from you  
'Cause every breath I take that's away from you  
All I can think of, all I wanna do is

Run (run)  
Run (run)  
Run  
Straight back into your arms  
(Run) run  
(Run) run  
So nothing can keep me away from you  
I run till I reach you, that's all I wanna do  
You make me wanna  
(Run) run  
(Run) run

I feel bliss every time we kiss  
Every time you touch me  
I want it forever, feeling your heart beating next to  
mine  
And I hate every single second apart from you  
'Cause every breath I take that's away from you  
All I can think of, all I wanna do is

Run (run)  
Run (run)  
Run  
Straight back into your arms  
(Run) run  
(Run) run  
So nothing can keep me away from you  
I run till I reach you, that's all I wanna do  
You make me wanna  
(Run) run  
(Run) run

You make me wanna  
Run (run)  
Run (run)  
Run  
Straight back into your arms  
(Run) run  
(Run) run  
So nothing can keep me away from you  
I run till I reach you, that's all I wanna do  
You make me wanna  
(Run) run  
(Run) run  
Run
