We've got to make a move, take a chance
While the night is young
A sweet romance though we fuz and fight
You're my song and dance almost every night
Your heart is mine

Yeah, we break up a little bit
Make up a little bit
Shape up a little bit
Try some harder
And that's just a part of it
It's all for a little bit of love

We've come a long long way from the world we knew
And the streets we played
In our neighbourhood
No matter what they say about me and you
We live the way we do, the way we do

Yeah, we break up a little bit
Make up a little bit
Shape up a little bit
Try some harder
And that's just a part of it
It's all for a little bit of love

Ohh, you better believe it
Darling, ohh, you better believe it we all need it

So we break up a little bit
Make up a little bit
Shape up a little bit
Try some harder
And that's just a part of it
It's all for a little bit of love

Ohh, you better believe it
Darling, ohh, you better believe it we all need it

I wanna be with you
In every room

I wanna walk with you
As bride and groom
Though we crash and bang
We're still in bloom
It's a give and take
And you're my fate

So we break up a little bit
Make up a little bit
Shape up a little bit
Try some harder
And that's just a part of it
Yeah, we're always gonna

Break up a little bit
Make up a little bit
Shape up a little bit
Try some harder
And that's just a part of it
It's all for a little bit of love

And that's just a part of it
It's all for a little bit of love
