This morning she woke up and found
All of the thousand tears that she had cried
A million times, they all had dried
The moment she got out of bed
There was no voice inside her head that said
"I'm falling down, this can't be right"

This woman's gonna rise
She's only getting stronger before his eyes
She holds a strength that he didn't know
But she knows, now she knows
That she's worth so much more

He only seemed to let her down
He told her that she was never worth this while
She fell apart with a broken heart
But after all the pain is gone
She knew that what doesn't kill you makes you strong
And after all she's standing tall

This woman's gonna rise
She's only getting stronger before his eyes
She holds a strength that he didn't know
But she knows, now she knows
That she's worth so much more

This woman's gonna rise
She's only getting stronger before his eyes
Rising up with a strenght that she never show
But she knows, now she knows
That she's worth so much more

This woman
This woman
Oohh, this woman
He was wrong (he was wrong)
She was right

But after all the pain is gone
She knew that what doesn't kill you makes you strong
And after all she's standing tall

This woman's gonna rise
This woman's gonna rise, yeah, yeah, yeah
She's only getting stronger before his eyes
She holds a strength that he didn't know
But she knows, now she knows
That she's worth so much more

This woman's gonna rise (this woman)
She's only getting stronger before his eyes
Rising up with a strength that she never show
But she knows, now she knows
That she's worth so much more

This woman
This woman's gonna rise
Yeah
