Saying I love her, won't get me sober
This is the point of no return
She's like a fever, I can't defeat her
I guess I love the way it burns
But tonight, I'm letting it hurt
Cause I'm going in under
Nothing's like being with her, with her

She's like suicide but it feels alright
I could die today, give my life away
She's like suicide but I just can't fight
Her gravity tonight
She's like suicide alright
She's like suicide all night

I'm on the needle, I know it's lethal
But it's the only remedy
I'm crossing over each time I'm hold her
But it's the weapon that I need
Nothing's like being with her, with her

She's like suicide but it feels alright
I could die today, give my life away
She's like suicide but I just can't fight
Her gravity tonight
She's like suicide alright
She's like suicide all night

Oh, oh
I guess I love the way it burns
Oh, oh
I guess I love the way it burns
Oh, oh

She's like suicide but it feels alright
I could die today, give my love life away
She's like suicide but I just can't fight
Her gravity tonight
She's like suicide alright
She's like suicide all night
She's like suicide alright
