I remember the days  
That used to be  
When we still were we  
Just you and me  
Now you live on your own  
And so do I  
Our bonds were so strong  
I can't see why

Was it something I said  
Was it something I did  
Was it something I  
Never had (Money)  
But whatever you do  
Please give me one more try

If I love you or not  
I'm not really sure  
The time will tell

But I miss you like I've  
Never done before  
I'm under your spell

Now my only way  
Of staying alive  
Is by waiting every day  
For you to pass by  
Was it my fault  
Is that true  
I will change  
To be with you

Was it something I said  
Was it something I did  
Was it something I  
Never had (Passion)  
But whatever you do  
Please give me one more try

If I love you or not

I'm not really sure  
The time will tell

But I miss you like I've  
Never done before  
I'm under your spell

There's one thing I still cannot see  
Yes I know it's too late for me  
But I want you to tell me why  
Or give me one more try

If I love you or not  
I'm not really sure  
The time will tell

But I miss you like I've  
Never done before  
I'm under your spell

If I love you or not  
I'm not really sure  
The time will tell

But I miss you like I've  
Never done before  
I'm under your spell
