(Come and get me now)

Now, now

Now, now

Now, now

You looked at me

And then I knew that you were mine

I've never felt like this before

I've been spinning around in circles

Out of control

Waiting for you

Waiting for you

Come and get me

Now, now

So come and get me

Now, now

Oh, come and get me now

You took my heart

And you didn't ask me if you could

I didn't have a chance to run

I've been struggling with my feelings

Can't get away

Nowhere to hide

Nowhere to hide

Come and get me

Now, now

Come and get me

Now, now

Oh, so come and get me now

We're a match made in heaven

The king and the queen

The sun and the moon

The stars in the night

I'm the one for you, you

(Come and get me now)

Now, now

So come and get me now
(Come and get me now)
Now, now
Come and get me
Now, now
Oh, come and get me
Now, now
So come and get me now
Come and get me now
